PROFILE

I'm a Web Developer looking for a team to grow with and contribute to. I'm a fast learner with a strong technical understanding and an eye for design. I enjoy working in diverse teams, sharing best practices and succeeding together. I have a background in education and developing user focused projects

EXPERIENCE

INTERMEDIATE FRONTEND DEVELOPER | DEEP BLUE NETWORKS   04-2022 / Present

Lead Frontend developer for Deutschlandcard project with a team of three full time and 2 half time frontend developers. Responsible for estimations, breakdown into tickets and management of the Campaigns and larger projects. Conceptualised and implemented campaign content app in **Magnolia CMS** to be used by Web and App. Planned and implemented the migration of multiple portals (Business, Customer, Registration and Component Library) from **Vue2** and **Nuxt2** to **Nuxt3** .

JUNIOR FRONTEND DEVELOPER | DEEP BLUE NETWORKS   11-2020 / 04-2022

Refactored the Deutschlandcard Projects various frontend Portals (Business, Customer, Registration, Newsletter, Component Library) to **Typescript**. Responsible for Campaign Estimation and implementation, handling feature and bug tickets.

PROJECT DEVELOPMENT | SAVE THE CHILDREN DEUTSCHLAND   09-2018 / 04-2019

Developed a project to build a Digital Skills focused **Makerspace** and **E-Learning platform** with and for under-privileged children in Berlin.

MEDIA EDUCATOR / COMMUNICATIONS MANAGER | SAVE THE CHILDREN DEUTSCHLAND   08-2016 / 08-2018

2016-17 Templehof Airport: DevelopedMedia and Cultural Educational programs for 600+ children. • 2017-19 Implemented in 5 Refugee Shelters: Developed **Internet Safety & Digital Skills course** for three age groups from 6-18. • Developed Child-Friendly Wifi Hotspot w/ Raspberry Pi Wordpress server for offline access to course material. • Taught over 200 children, trained 18 caregivers.
